

### Press Release

For immediate release (Longmont, Colorado January 14, 2010): Sangat Precision to Offer Precision CNC Machining Services to the Photonics Industry –

Sangat Precision Machining & Grinding is pleased to announce the company will begin offering precision CNC machining services to the Photonics industry beginning in January, 2010. Sangat Precision will be offering precision CNC machining services including 5-axis machining to produce high-precision, high-quality optical components and positioners for use in OEM applications, as well as for small-quantity custom orders and prototype development.

“Sangat Precision is perfectly positioned to be a key supplier to companies that participate in the photonics industry,” notes Lou Primavera, Sales Manager for Sangat Precision. “Our emphasis on high precision machining, coupled with our track record of quality and on-time delivery, makes Sangat Precision an ideal supplier in an industry that places a premium on precision and quality.”

Sangat Precision Machining & Grinding is a Longmont, Colorado-based precision manufacturing company. Sangat Precision, an ISO 9000:2008 certified facility, provides precision machining and manufacturing services for aerospace, photonics, defense, science, medicine, and small-arms manufacturers. Sangat Precision has particular expertise in machining high tolerance parts from exotic and/or difficult to machine materials and in working with tight deadlines. Sangat Precision Machining & Grinding – *we make you look good because we do it right the first time™*.
