

### Press Release

For immediate release (Longmont, Colorado 05/15/08): Sangat Precision Machining & Grinding Announces the Launch of a New State-of-The Art Web Presence.

Sangat Precision Machining & Grinding is pleased to announce the re-launch of the company's Web presence, now available at <http://www.sangatprecision.com>. The new site gives clients and prospects the ability to submit a request for quote to Sangat Precision, linked directly from the home page, eliminating wasted time and miscommunication often associated with the RFQ process. In addition, the new Sangat Precision Website also provides a wide variety of information on the company, including capabilities and machining capacity.

"This is really a first step in an evolutionary process for Sangat Precision", says Michelle Jordan, Chief Operating Officer. "Ultimately we visualize Sangat Precision as a central point of activity for organizations involved in aerospace and defense manufacturing. Along with streamlining our manufacturing activities and the tasks involved in serving our clients, we plan on the Sangat Precision Website being a trusted source of information for our peers in the industry" says Jordan. As such Sangat Precision is planning for Phase 2 of the Website which will include a document library. The idea behind the document library is that industry professionals looking for information on exotic materials for example, could come to the Sangat Precision library to find that information and to interact with their peers.

Sangat Precision Machining & Grinding is a Longmont Colorado-based precision manufacturing company. Sangat Precision, an ISO 9001:2000 certified facility, provides precision machining and manufacturing services for Aerospace, Defense, Science, Medicine, and Small-arms manufacturers. Sangat Precision has particular expertise in machining high tolerance parts from exotic and/or difficult to machine

materials and in meeting tight deadlines. Sangat Precision Machining & Grinding – We make you look good, because we do it right the first time. For more information call 1.866-537-1139 or visit the Sangat Precision Website at <http://www.sangatprecision.com>.
